

Перечень приоритетных специальностей для присуждения международной стипендии "Болашак" в 2016 году

I. Специальности для академического обучения						
№ п/п	№ п/п	Специальность	Эквивалент специальности на английском языке*	Программа	Код	Страна**
I. Технические науки и технологии						
1	1	Авиационная и ракетно-космическая техника	Aerospace Science and Engineering; Mechanical Engineering with Aerospace Option; Aerospace Engineering; Aeronautical and Space Engineering; Space Engineering; Aeronautical Engineering; Advanced Aeronautical Engineering; Aerospace Science; Aerospace Studies; Aerospace Systems; Aeronautical and Space Systems; Aerospace Mechanics and Avionics; Air-Ground Collaborative Systems Engineering; Communication, Navigation, Surveillance and Satellite Applications for Aviation; Aeronautical Maintenance and Support; Helicopter Engineering; Space Systems Engineering; Flight Vehicle Design; Aerospace Propulsion Theory and Engineering; Aeronautical and Astronautical Science and Technology; Aircraft Design; Aviation Technology; Aircraft Production; Aeronautics; Aerothermodynamics and Fluid Mechanics; Aircraft Engines; Aerospace Engineering Sciences; Space Science and Engineering; Spacecraft Technology and Satellite Communications; Avionic Systems; Applied Mechanics and Aerospace Engineering; Aerodynamics and Aerostructures; Mechanical and Aerospace Engineering; Global Navigation Satellite System; Aerospace and Mechanical Systems Engineering; Simulation in Aerospace Engineering; Missile and Space Systems; Advanced Aerospace Engineering; Aerospace Technologies; Space Exploration Systems; Aeronautics and Astronautics-Field: Air Transportation Systems; Aeronautics and Astronautics-Field: Aircraft Systems Engineering; Aeronautics and Astronautics-Field: Aerospace Computational Engineering; Aeronautics and Astronautics-Field: Space Propulsion; Aeronautics and Astronautics-Field: Space Systems; Aeronautics and Astronautics-Field: Air-Breathing Propulsion; Aerospace Engineering-Fluid Dynamics and Aerodynamics Area; Aerospace Engineering-Aeroelasticity and Structural Dynamics Area; Aerospace Engineering-Flight Mechanics and Control Area; Aerospace Vehicle Design; Avionic Systems Design option; Aeronautical and Astronautical Engineering	магистратура	1.1М	Великобритания, Германия, Канада, Китай, Россия, США, Франция, Южная Корея, Япония
2	2	Архитектура. Строительство	Architecture; Architectural Studies; Advanced Architectural Studies; Advanced Studies in Architecture; Architectural Science; Architecture and Planning Studies; Sustainable Architecture; Architectural Engineering; Architecture and Civil Engineering; Construction Technology; Construction Engineering and Management; Structural and Concrete Engineering; Concrete Engineering; Concrete Structures; Concrete Structures with Sustainable Development; Building Services Engineering; Civil and Environmental Engineering; Civil Engineering; Urban Ecological Planning; Architectural Engineering Design; Urban Design; Architecture and Urban Design; Landscape Architecture; Sustainable Environmental Design in Architecture; Modern Architectural Heritage; European Architecture; Architectural Design; Advanced Architectural Design; Architectural Lighting Design; Critical, Curatorial, and Conceptual Practices in Architecture; Civil and Architectural Engineering; Global Urban Development and Planning; Environmental Design of Buildings; Town Planning; Sustainable Building Technology; Urban Development; Urban Development Planning; Development Planning; Urban Development and Design; Structural Steel Design; Geomatic Engineering; Spatial Development and Infrastructure Systems; Sustainable Tall Buildings; Architecture and Town and Regional Planning; Town and Regional Planning; Building Technology Science; Civil Engineering Construction; International Construction Management; Construction Management; Construction Management and Engineering; Structural Engineering; General Structural Engineering; Bridge and Tunnel Engineering; Building Performance and Sustainability; International Planning; International Planning Studies; International Planning and Sustainable Urban Management; International Planning and Development; Environmental Design; Spatial Planning and Development; Urban Planning and Engineering; Civil Engineering and Infrastructure Studies; City and Regional Planning; Urban Spatial Analytics; Sustainable Cities; Urban Studies; Urban Planning; Sustainable Urban Planning and Design; Urban and Regional Planning; Environmental Building Design; Building Information Modelling Management; Urban Regeneration and Management; Sustainable Civil Engineering (Structural); Design and Management of Sustainable Built Environments; Earthquake and Civil Engineering Dynamics; Landscape Studies; Building Services Engineering with Sustainable Energy; Building Science; Spatial Design: Architecture and Cities; City Planning; Architecture in Urban Design and Housing; Architecture, Planning and Landscape; City Design and Development; Real Estate Development; Urban and Environmental Planning; Civil Engineering and Applied Mechanics; Civil Engineering Technologies; Building Structures; Urbanism Studies; Eco-cities; Urban Strategies and Design; Structural and Foundation Engineering; Earthquake Engineering; Construction Management and Green Construction; Civil Engineering; Geotechnical and Pavements Engineering; Building Technology; Structural Engineering and Geomechanics; Tunnels and Underground Constructions; Building Restoration; Mobility and Infrastructure; Integrated Building Systems	магистратура	1.2М	Австралия, Австрия, Бельгия, Великобритания, Германия, Дания, Канада, Китай, Литва, Ирландия, Нидерланды, Норвегия, Россия, Сингапур, США, Финляндия, Эстония, Южная Корея, Япония
				докторантура	1.2Д	
3	3	Атомная промышленность	Nuclear Engineering; Nuclear and Quantum Engineering; Nuclear and Radiological Engineering; Nuclear Engineering and Engineering Physics; Nuclear Engineering and Radiological Sciences; Nuclear Engineering and Science; Nuclear Environmental Science and Technology; Nuclear Science and Engineering; Nuclear Science and Technology; Nuclear Science; Nuclear Technology; Physics and Technology of Nuclear Reactors; Radiation, Radionuclides and Reactors; Radiation Safety and Control; Nuclear Energy Engineering; Nuclear Energy; Advanced Nuclear Engineering	магистратура	1.3М	Великобритания, Германия, Нидерланды, США, Швеция, Франция, Япония
				докторантура	1.3Д	
4	4	Биотехнология. Биоинженерия. Биоинформатика. Молекулярная генетика	Biotechnology; Bioengineering; Biochemical Engineering; Biomedical and Molecular Sciences; Medical and Molecular Genetics; Bioinformatics; Biological Chemistry; Biophysics; Molecular Biophysics; Biomedical Informatics; Cell and Molecular Biophysics; Biomedical Engineering; Applied Biomedical Engineering; Biomedical Physics; Biochemistry; Cellular, Molecular and Biomedical Studies; Biomedicine; Cancer Research and Molecular Biomedicine; Biomedical Sciences; Cancer Biology; Biomathematics; Molecular Biotechnology; Molecular Genetics; Molecular Genetics and Microbiology; Biosensor and Cell Engineering; Agricultural Biotechnology; Bioengineering Innovation and Design; Clinical Genetics; Bioindustrial Sciences; Bioscience and Biotechnology; Biological Science and Technology; Gene Mechanisms; Industrial Microbial Biotechnology; Genetics and Biosystems Engineering; Biological and Bioprocess Engineering; Applied Biomolecular Technology in the Pharmaceutical; Biotechnology and Food Industries; Bionanotechnology; Biophysics, Biochemistry and Biotechnology; Medical Biotechnology; Chemical and Biomolecular Engineering; Biological Systems Engineering; Genetics; Post-Genomic Science; Biostatistics; Biochemistry and Molecular Biology; Statistical Genetics and Genetic Epidemiology; Gene Technology; Biomedical and Biological Sciences; Biomaterials and Tissue Engineering; Biomaterials; Applied Biosciences and Biotechnology; Biodiversity Informatics and Genomics; Bioinformatics and Systems Biology; Functional Genomics; Developmental Biology and Stem Cells; Genes, Genetics, Epigenetics and Genomics; Bioinformatics, Evolution and Genomics; Microbrewing; Molecular and Cellular Basis of Human Disease; Industrial and Environmental Biotechnology; Genetics of Human Disease; Molecular Bioscience; Gene Regulation and Metabolism; Physical Biology of Cells and Cell Interactions; Biomolecular Engineering; Molecular Techniques in Life Science; Cell and Tissue Engineering and Biotechnology; Molecular Science and Engineering; Genome Science and Technology; Human Genetics; Industrial and Commercial Biotechnology; Research Biobanking; Marine Biodiversity and Biotechnology; Industrial Biotechnology; Microbiology and Biotechnology; Biosciences and Biotechnologies; Neuroscience; Systems Neuroscience; Animal Science with option in Biotechnology; Chemical Engineering - Biomaterials and Bioprocessing; Health and Aging; Systems and Behavioural Neuroscience; Reproductive and Developmental Medicine; Biomedical Engineering - Biotechnology; Biosystems Engineering; Human Molecular Genetics; Molecular Genetics and Diagnostics; Prenatal Genetics and Fetal Medicine; Reproductive and Developmental Biology; Molecular Medicine; Chemical and Biochemical Engineering; Biophysical Science; Bioinformatics and Theoretical Systems Biology; Systems and Synthetic Biology; Molecular and Cellular Biosciences; Biomedical Engineering with Biomaterials and Tissue Engineering	магистратура	1.4М	Австралия, Австрия, Бельгия, Великобритания, Германия, Дания, Ирландия, Канада, Китай, Литва, Нидерланды, Норвегия, Россия, США, Финляндия, Франция, Швеция, Эстония, Южная Корея, Япония
				докторантура	1.4Д	

5	5	Водные ресурсы и водопользование. Водоснабжение	Hydrology; Hydrology and Water Resources; Hydraulic Structure Engineering; Hydraulics and River Dynamics; Water Conservancy and Hydropower; Hydrogeology; Water Resources Science; Water Resources; Hydrology and Sustainable Development; Urban Water Engineering and Management; Freshwater System Science; Global Water Sustainability; Marine System Science; Sustainable Water Resources; Water: Science and Governance; Water Resources Technology and Management; Contaminant Hydrogeology; Watershed Hydrology and Management; Watershed Management and Ecohydrology; Water Management; Water Hazards, Risk and Resilience; Water Supply Engineering; Reservoir Evaluation and Management; Water Resources Engineering; Hydrologic Sciences; Water Resources Management; Water and Environment; Aquatic Biology and Resource Management; Aquatic Resources; Hydraulic Engineering; Hydraulic and Environmental Engineering; Hydropower Development; Hydrogeology and Water Resources; Hydroinformatics and Water Management; Sustainable Catchment Management; Water and Environmental Management; Marine Resource Development and Protection; River Environments and Their Management; River Environmental Management; Urban Water System; Water Regulation and Management; Environmental Water Management; Hydrology and Water Resources Management; Integrated Water Management; Sustainable Water Management; Water Science, Policy and Management; Water Engineering; Urban Water and Water Resources Engineering; Hydrology, Water Resources and Environmental Fluid Mechanics; Environmental Engineering with specialization in Water Resources and Groundwater Management/Water and Waste Water Processing and Treatment; Land and Water Systems; Water Technology and Desalination; Aquatic Resource Management; Water, Wastewater and Waste Engineering	магистратура	1.5М	Австралия, Бельгия, Великобритания, Германия, Дания, Канада, Китай, Норвегия, Россия, США, Франция, Япония
				докторантура	1.5Д	
6	6	Геодезия. Геоинформационные системы. География и картография	Geography; Geosciences; Geographical Information Science; Cartography and Geographic Information Science; Geoinformation Science; Earth System and Geoinformation Science; Applied Geosciences; Geodesy and Survey Engineering; Cartography and Geographic Information Systems; Human Geography; Human Geography and Planning; Earth Surface and Water; Earth and Atmospheric Sciences; Climate, Tectonics and Landscape Evolution; Applied Geographical Information Systems and Remote Sensing; Environmental Mapping; Landscape Monitoring and Mapping; Earth Remote Sensing and Observation Systems; Applied Geophysics; Geography and Environmental Engineering; Remote Sensing; Earth Sciences; Population Studies; Applied Geographical Information Science; Geoecology; Data Assimilation and Inverse Modelling in Geosciences; Hydrographic Surveying; Earth System Science; Earth Structure and Dynamics; Spatial Information; Geoinformation Technology and Cartography; Physical Geography; Geographic Information Science and Technology; Geographic Information Science; Geography: Policy and Practice; Geographic Information Systems; Human Geography Research; Geographical Studies; Geography and Environment; Geospatial Intelligence; Marine Geography; Earthquake Engineering with Disaster Management; Geodesy and Geomatics Engineering; Geomatics Engineering; Geomatics; Geomatics for Building Information Modelling; Geodesy and Cartography; Social Geography; Geography - Spatial Analysis; Cartography and Geoinformatics; Geosciences and Geography; Geography and Geoinformatics; Geodesy and Geoinformatics; Geographies of Globalization	магистратура	1.6М	Австралия, Бельгия, Великобритания, Германия, Дания, Ирландия, Китай, Канада, Нидерланды, Россия, США, Финляндия, Франция, Швейцария, Южная Корея, Япония
				докторантура	1.6Д	
7	7	Геология. Горное дело. Горный инжиниринг	Geology; Mineral Processing; Subsurface Geoscience; Geological and Environmental Sciences; Geophysics; Applied Environmental Geology; Applied Geosciences; Environmental Geosciences; Environmental Hydrogeology; Exploration and Resource Geology; Geo-engineering; Geological Engineering; Geological Sciences; Geology and Planetary Science; Geology: Earth Systems; Geomatics; Geoscience and Resource Engineering; Geoscience of Subsurface Exploration Appraisal and Development; Geoscience; Geosystems Engineering and Hydrogeology; Geotechnical Engineering and Geomechanics; Geotechnical Engineering; Mineral Resource Engineering; Mineral Resource Prospecting and Exploration; Mineral Resources Exploration; Mineralogy, Petrology, Mineral Deposit Geology; Geochemistry; Mining and Earth Systems Engineering; Mining Engineering; Mining, Geological and Geophysical Engineering; Resource Engineering; Structural Geology; Earth Exploration and Information Technology; Mineral Survey and Exploration; Mineral Resources Engineering; Engineering Geology; Geology and Geological Engineering; Geotechnics; Geotechnics and Geohazards; Hydrogeology; Engineering Geology for Ground Models; Soil Mechanics and Engineering Seismology; Soil Mechanics and Environmental Geotechnics; Exploration Geophysics; Geology and Petroleum Geology; Advanced Mineral Resources Development; Mining and Materials Engineering; Earth Sciences-Geology/Geological Engineering/Geophysics/Geomorphology; Soil Mechanics; Soil Mechanics with Sustainable Development; Earth Science Engineering	магистратура	1.7М	Австралия, Бельгия, Великобритания, Германия, Канада, Китай, Нидерланды, Норвегия, Россия, Сингапур, США, Эстония, Южная Корея, Франция
				докторантура	1.7Д	
8	8	Информатика. Информационные технологии и системы. Информационная безопасность. Вычислительная техника и программное обеспечение	Information Studies; Computer Science; Information System; Information Systems Engineering; Advanced Computer Science; Advanced Computing; Advanced Software Engineering; Agile Software Engineering Techniques; Computer Science and Technology; Computer Science and Engineering Information; Embedded Software Engineering; Computing; Information and Software Engineering; Computing and Internet Systems; Computing: Information Engineering; Computer Science with a specialization in Cyber Security; Cyber Security and Management; Cybersecurity; Computer Technology; Computing and Security; Intelligent Systems; Web Intelligence; Informatics; Planning, Agents, and Intelligent Systems; Software Modelling and Applied Logic; Cybersecurity and Management; Mobile Internet Research; Networks; Advanced Web Technologies; Artificial Intelligence; Computer Security; Robotics; Intelligence Systems and Robotics; Computer Systems Engineering; Semantic Technologies; e-Governance Technologies and Services; Robotics and Computer Engineering; Multi-Core Computing; Health Sciences Informatics; Computer Science and Networking; Information Science and Cultural Communication; Advanced Computational Methods for Aeronautics; Health Care Technology; Bioinformatics and Systems Biology; High Performance Computing; Computer Graphics and Game Technology; Computer and Information Science; Computer and Information Technology; Computational Science and Engineering; Neural Systems and Computation; Electrical and Computer Engineering -Computer Engineering/Computer Networking/ Evolutionary Computation/Information Networking; Computer Engineering; Software Engineering; Computer and Communication Networks; Software Systems; Computer Communications and Networks; Smart Systems Engineering; Information and Intelligence Engineering; Computer Vision Engineering; Computational Engineering, Computational Engineering of Technical Systems; Interaction Design; Visual Computing; Information and Communication Technology; Information and Computing Engineering; Cyber Security and Privacy; Information Security Technology; Information Security Technology and Management; Software Technology; Software Technology with Network Management; Computational Management Science; Advanced Computer Science with Placement; Signal and Information Processing; Creative 3D Digital Technologies; Cybernetics; Computer Architecture; Computer Application Technology; Robotics Engineering; Grid Computing; Computational Science; System and Network Engineering; Modelling and Data Analysis; Information Technology; Human Computer Interaction Design; Computer and Network Security; Mobile and Internet Computing; Computer Graphics; Computer Graphics Technology; Internet Technologies with Security; Computer Communication Networks and Telecommunications; Computer Security and Resilience; Internet Systems and Security; Internet and Distributed Systems; Networking and Internet Systems; Software Engineering; Web Technology; Web Science; Vision and Imaging; Digital Animation; Electrical and Computer Engineering with specialization in Computer and Software Engineering/ Computer Communications, Distributed Systems, and Multimedia/Signal, Speech and Image Processing/Systems and Machine Intelligence; Electrical and Computer Engineering with option in Intelligent Systems/Software Engineering; eHealth; Virtual Systems Design; Mechatronics Engineering; Business Informatics; Software Engineering - Embedded Systems; Software Engineering - Game Design; Big Data; Electrical and Computer Engineering - Biomedical Technologies/Communication Systems/Computer and Software Systems; Business Informatics; Information Systems; Informatics: Programming and Networks; Computer, Communication and Information Sciences; Software Engineering of Distributed Systems; Information Networks; Information Security and Cryptography; Computer Modeling; Network Services and Systems; Communications Engineering; Internet Systems and e-Business; Advanced Internet Applications; Data Science; Visual Information Processing; Secure Software Systems; Health Information Systems; Computational Modeling and Simulation; Electrical and Computer Engineering: image processing; Advanced Computational Methods for Aeronautics, Flow Management and Fluid-Structure Interaction; Machine Learning; Secure Software Systems; Cloud Computing; Applied Computer Science	магистратура	1.8М	Австралия, Австрия, Великобритания, Германия, Дания, Италия, Канада, Китай, Литва, Нидерланды, Норвегия, Россия, Сингапур, США, Финляндия, Эстония, Южная Корея, Япония
				докторантура	1.8Д	

9	9	Материаловедение и технология новых материалов	Materials Science and Engineering; Materials Science; Advanced Materials Science and Engineering; Materials Characterization; Aerospace Materials; Advanced Aerospace Materials Engineering; Biomedical Materials; Advanced Engineering Materials; Materials Processing; Advanced Composites; Biomaterials; Science, Technology and Engineering Application of Advanced Composites; Materials Engineering; Materials and Processes; Advanced Materials and Processes; Advanced Materials Science; Material Engineering; Material Engineering and Technology; Nano Materials and Technology; Materials Physics and Chemistry; Materials, Materials Processing Engineering; Nanomaterials for Nanoengineering; Nanostructured Materials; Nanomaterials; Materials and Devices; Mechanical and Structural Engineering and Materials Science; Materials, Energy and Nanotechnology; Materials for Energy and Environment; Materials Design and Engineering; Polymer Materials Science and Engineering; Metallic Materials; Engineering Materials Failure and Analysis Masters; Advanced Materials Manufacture; Polymers and Polymer Composite Science and Engineering; Environmental Materials Science; Material Science and Engineering; Hybrid Material; Defence Materials; Ecomaterials and Clean Energy; Organic/Polymer Electronics; Chemistry and Materials Science; Innovative and Engineered Materials; Organic and Polymeric Materials; Building Materials; Crystalline Materials Science; Biomaterials and Regenerative Medicine; Materials Sciences and Nanosciences; Materials Science and Technology of Materials; Material Science; Materials and Manufacturing Technology; Engineering Materials Science; Macromolecular Materials; Materials: Synthesis and Structure; Science and Engineering of Materials; Materials for Sustainable Energy Technologies; Advanced Aerospace Materials Manufacturing; Materials Science Engineering; Advanced Metallic Materials and Engineering; Sustainable Materials	магистратура	1.9М	Австрия, Великобритания, Германия, Канада, Китай, Литва, Россия, Сингапур, США, Финляндия, Швейцария, Южная Корея, Япония
10	10	Машиностроение	Mechanical Engineering; Advanced Mechanical Engineering; Fluid Mechanics; Structural and Solid Mechanics; Vehicle Engineering; General and Fundamental Mechanics; Solid Mechanics; Solid Mechanics and Design; Engineering Mechanics; Mechanics; Mechanical Design and Theory; Mechatronics; Mechatronic Systems Engineering; Robotics, Mechanical Engineering and Science; Multi-Scale Mechanics; Design Innovation Design Engineering; Mechanical Engineering and Applied Mechanics; Mechanical Engineering and Industrial Management; Automotive and Motorsport Engineering; Mechanical and Aeronautical Engineering; Applied Mechanics; Mechanical Engineering; Innovation Design Engineering; Computer Aided Conception and Production in Mechanical Engineering; Automotive Engineering Science; Automotive Systems Engineering; Mechanical Engineering; Dynamics and Control; Engineering Dynamics and Control; Automobile Engineering; Engineering Science and Mechanics; Mechanical and Automotive Engineering; Mechanical and Industrial Engineering; Mechanical and Materials Engineering; Mechanical and Process Engineering; Mechanical Design Engineering; Mechanical Engineering and Automation; Mechanical Engineering and Mechatronics; Mechanical Engineering Technology; Mechanical Systems and Design Engineering; Theoretical and Applied Mechanics; Computational Mechanics; Mechatronics Design; Mechatronics Engineering	магистратура	1.10М	Австралия, Австрия, Великобритания, Германия, Ирландия, Канада, Китай, Литва, Россия, Сингапур, США, Финляндия, Южная Корея, Япония
11	11	Металлургия	Metallurgy; Metallurgical Engineering; Metallurgic Engineering; Metallurgy and Materials; Advanced Metallurgy; Steel Construction; Metallurgy and Ceramics Science; Metallurgical and Materials Engineering; Metal Industry; Metal Manufacture; Materials Science and Metallurgy; Metallurgy and Metals Production; Extractive Metallurgy; Structural Steel Design; Metallic Materials; Light Metals, Silicon and Ferroalloy Production; Composite Materials; Physical Metallurgy	магистратура	1.11М	Великобритания, Германия, Китай, Норвегия, Россия
12	12	Нанотехнологии и наноматериалы	Nanotechnology; Human and Environmental Health Impacts of Nanoscience and Nanotechnology; Nanoscience and Functional Nanomaterials; Chemical Engineering with Nanotechnology Concentration; Electronics and Nanotechnology; Nanoengineering; Nanomaterials for Nanoengineering; Micro and Nanosystems; Micro and Nano-Technology; Nanotechnology and Microsystems; Nanotechnology Engineering; Nanoscience; Nanostructured Materials; Materials Science and Nanotechnology; Bionanotechnology; Modelling Molecules and Nanosystems; Nanomaterials; Nanoscale Science and Technology; Nanoscience and Technology; Science Nanotechnology; Nanotechnology and Innovation; Nanotechnology and Energy; Nanotechnology and Health Care; Nanotechnology and Communications; Nanoelectronic Engineering; Mechanical Engineering with concentration in Nanotechnology; Biomedical Engineering with concentration in Nanotechnology; Nanoscience, Nanotechnology and Nanoengineering; Nanoscale Science and Engineering; Materials Sciences and Nanosciences; Nanoscale VLSI Design; Modeling Molecules and Nanosystems	магистратура докторантура	1.12М 1.12Д	Австралия, Австрия, Бельгия, Великобритания, Германия, Дания, Китай, Нидерланды, Норвегия, США, Финляндия, Швеция, Южная Корея, Япония
13	13	Полиграфия. Издательское дело	Publishing; Publishing Industry; Management for Publishing Industry; Media and Publishing; Publishing; Digital and Print Media; Print Media; Publishing and Editing; Editing; Publishing and Writing; Publishing Studies; Editing and Publishing; Publishing and Communications; Literary Editing; Arts (Publishing/Editing); Writing; Creative Writing, Publishing and Editing; Publications Design; Publishing and Language; Book and Digital Media Studies; Book and Magazine Publishing; Book Editor; Publishing: Digital and Print Media; Editorial Skills; Children's Literature; Book Design; Typeface Design; Creative Enterprise: Communication Design pathway; Book Science: Publishing and Media Research; Book Science: Publishing Practice	магистратура	1.13М	Австралия, Австрия, Великобритания, Германия, Канада, Китай, США, Франция
14	14	Стандартизация, сертификация и метрология	Quality Assurance and Regulatory Science; Metrology and Measurements; Applied Measurement Science; Applied Instrumentation and Control; Engineering Control Systems and Instrumentation	магистратура	1.14М	Великобритания, Россия, США
15	15	Технология перерабатывающих производств	Foods Processing Plants; Process Systems Engineering; Process and Plant Technology; Process Systems Engineering; Process Plant Management; Process Technology; Food Process Engineering	магистратура докторантура	1.15М 1.15Д	Германия, Норвегия, Россия
16	16	Технология продовольственных продуктов	Livestock Health and Production; Livestock Production; Agricultural Production Chain Management; Organic Livestock Production; Agricultural Food and Nutritional Science; Agricultural, Environmental, and Food Engineering; Food Science; Food Science and Agricultural Chemistry; Chemical and Biological Engineering - Chemicals and Food Bioprocessing; Crop Production; Vegetable Production in Protected Crops; Agronomic Crop Production; Crop Production Ecology; Horticultural Science; Crop Sciences; Viticulture and Enology; Food Science and Bioresource Technology; Food Science and Engineering; Food and Nutritional Sciences; Food Industry; Food Studies; Food and Beverage Science; Dairy Science and Technology; Food Production; Meat Science and Technology; Food Engineering; Food Science and Technology; Food Security and Development; Nutritional Biology; Food Science, Safety and Health; Food Science Technology and Management; Molecular Nutrition; Nutrition, Food Science and Technology; Nutritional Sciences; Nutrition and Food Science; Food Science and Food Technology; Food and Drink Innovation; Brewing and Distilling; Food Science and Human Nutrition; Food and Human Nutrition; Food Processing Waste Technology; Food Science - Dairy Science; Dairy Science; Food Science - Food Chemistry; Food Chemistry and Product Development; Food Science and Technology - Sensory Evaluation; Food Science and Technology - Enology; Food Microbiology; Food Chemistry; Biological and Food Process Engineering; Foods and Nutrition; Agriculture: Food Science and Management; Food Security and Sustainable Agriculture; Food and Packaging Innovation; Organic Farming and Food Production Systems; Animal-Derived Foods; Food Innovation and Health	магистратура	1.16М	Австралия, Бельгия, Великобритания, Дания, Ирландия, Канада, Китай, Россия, США, Швейцария, Южная Корея
17	17	Транспорт, транспортная техника и технология	Transport; Transport Engineering; Transportation Engineering; Road and Railway Engineering; Traffic Information and Control Engineering; International Transport; Transport and the Environment; Transport Planning and the Environment; Transport Planning; Transport Planning and Engineering; Transport with Sustainable Development; Transport with Business Management; Transport Engineering and Operations; Transportation; Transportation and Environmental Technology; Transport Systems, Strategy and Management; Transportation Technology and Policy; Transport Management; Transportation Systems; Transport and Geoinformation Technology; Vehicle Engineering; Air Transport Management	магистратура докторантура	1.17М 1.17Д	Австралия, Великобритания, Германия, Китай, Литва, Россия, США, Швеция, Южная Корея

18	18	Электроника. Радиотехника. Телекоммуникации	Electronics Science and Technology; Electronics and Communication Engineering; Circuits and Systems; Microelectronics and Solid Electronics; Electronics, Electronic and Electrical Engineering; Microsystems Engineering; Electromagnetics, Electronic and Ultrasonic Instrumentation; Photonic and Optical Engineering; Nanoelectronics and Nanomechanics; Semiconductor Photonics and Electronics; Photonic Systems; Intelligent Systems; Telecommunications; Electrical and Computer Engineering (Communications and Signal Processing/ Controls/Electromagnetics/ Electronic Materials and Devices/ Robotics); Microelectronics and System-on-Chip Engineering; Electronic Circuit Design and Manufacture; Microelectronics; Electronic Science and Engineering; Electrical Engineering; Mobile and Personal Communications; Digital Image and Signal Processing; Electronic and Computer Engineering; Nano Electronic Devices and Materials; Integrated Circuits and Systems; Integrated Microsystems; Computational Electromagnetics; Robotics, Systems and Control; Robotics and Image Guided Intervention; Artificial Intelligence; Communicative Electronics; Telecommunications Engineering; Computing for Creative Industries; Systems Engineering; Visual Information Processing; Analogue and Digital Integrated Circuit Design; Communications and Signal Processing; Control Systems; Electrical and Systems Engineering; Electrical Engineering and Information Technology; Microelectronic Systems; Electronic System with Communications; Microelectronic Systems and Telecommunications; Signal Processing and Communications; Computational Intelligence and Robotics; Data Communications; Communications Engineering and Networks; Embedded Systems; Mechatronics; Mechatronics Design; Mechatronics Systems; Electrical and Computer Engineering with specialization in Biomedical Engineering/Electronic Circuits/Digital and Optical Communications/Integrated Circuits and Devices/Microwaves and Electromagnetics/Photonic Systems/Signal, Speech and Image Processing; Electrical and Computer Engineering with option in Telecommunications and Signal Processing/Bio-Electrical Engineering/ Systems and Control/Integrated Circuits and Systems/ Nano-Electronic Devices and Materials/Intelligent Systems/Photonics Systems/Sound Engineering; Electrical and Computer Engineering- Micro and Nano Technologies; Communications Engineering; Telematics - Communication Networks and Networked Services; Electronics and Nanoelectronics; Wireless Communication Systems; Wireless Systems; Optical and Molecular Electronics; Photonics and Optoelectronic Devices; Mobile Communications; Electrical and Computer Engineering; Electronic Engineering; Mechatronics and Information Technology; Mechatronics and Information Technology	магистратура	1.18М	Австралия, Бельгия, Великобритания, Германия, Канада, Китай, Литва, Норвегия, Россия, Сингапур, США, Эстония, Южная Корея, Япония
19	19	Энергетика	Energy; Energy Science; Power Engineering; Electrical Power; Electrical Power Systems; Fluid Power Engineering; Sustainable Energy; Sustainable Energy Technology; Sustainable Energy Systems; Sustainable Energy and Environment; Sustainable Energy Futures; Sustainable Energy Engineering; Innovative Sustainable Energy Engineering; Renewable Energy Development; Renewable Energy; Global Production Engineering for New Energies; Global Production Engineering for Solar Technology; Electrical and Computer Engineering-Electric Power and Energy Systems; Power Systems Operation and Planning; Energy Studies; Sustainable Energy: Technologies and Management; Power Engineering and Engineering Thermophysics; Energy Engineering; Power Machinery and Engineering; Refrigeration and Cryogenic Engineering; High Voltage and Insulation Technology; New and Renewable Energy; Renewable Energy and Distributed Generation; Renewable Energy and Development; Energy and Resources; Advanced Process Design for Energy; Electrical Energy Systems; Sustainable Electrical Energy Systems; Power Systems Engineering; Marine Electrical Power Technology; Power Distribution Engineering; Power Systems; Energy and Power Systems; Electrical Energy Conversion Systems; Efficient Energy Conversion and Utilization; Energy and Sustainability with Electrical Power Engineering; Power Systems and Power Electronics; Electric Energy Systems; Energy Conversion Systems and their Functional Design; Environment and Energy Engineering; Materials, Physics and Energy Engineering; Energy Engineering and Science; Socio-Environmental Energy Science; Fundamental Energy Science; Energy Science and Technology; Clean and Renewable Energy Systems; Clean Energy; Energy and Resource; Energy Generation; Renewable Energy Engineering; Mechanical Engineering/Sustainable Energy Systems; Engineering for Sustainable Energy; Marine Renewable Energy; Engineering (Power Systems); Electrical Engineering with Renewable Energy Option; Renewable Energy Systems; Electrical Technology for Sustainable and Renewable Energy Systems; Energy and Process Engineering; Energy Engineering and Process Engineering; Energy Science and Energy Systems Engineering; Energy Technology; Energy Technology, Heat Transfer and Fluid Mechanics; Solar Energy Technologies; Fluid Power Systems; Energy and the Environment; Energy Change; Sustainable Process and Energy Technology; Sustainable Energy Engineering; Electric Power Engineering; Environmental and Energy Technology Program; Electrical Engineering for Sustainable and Renewable Energy; Heat and Power Engineering; Electrical Power Engineering; Building Energy Systems; Energy for Smart Cities; Energy Systems Engineering; Systems Engineering and Innovation; Future Power Networks; Engineering for Sustainable Development; Energy Engineering and Management; Engineering in Solar Energy Technologies	магистратура	1.19М	Австралия, Великобритания, Германия, Ирландия, Канада, Китай, Литва, Норвегия, Россия, Сингапур, Финляндия, Франция, Эстония, Южная Корея, Япония
2. Естественные науки						
20	1	Биология	Biological Sciences; Advanced Biological Sciences; Applied Biology; Chemical Biology; Structural Biology; General Biology; Aquaculture Biology; Gerontology; Animal Biology; Applied Animal Biology; Biomolecular Sciences; Adaptive Organismal Biology; Cell Biology; Anatomy and Cell Biology; Developmental Biology; Biomonitoring and Exposure Biology; Cell and Systems Biology; Molecular, Cell and Systems Biology; Botany; Bacteriology; Cellular and Molecular Biology; Molecular, Cell and Developmental Biology; Plant Biology; Cell and Neurobiology; Genetic, Molecular and Cellular Biology; Computational Biology and Bioinformatics; Quantitative Biology; Structural Molecular Biology; Taxonomy and Biodiversity; Molecular Biology; Conservation Biology; Neurobiology and Behavior; Animal Science; Nutritional and Metabolic Biology; Tumor Biology (Standard Track/Cancer Systems Biology Track); Quantitative and Chemical Biology; Physiology; Cell Biology and Physiology; Cell and Molecular Biology; Developmental, Stem Cell and Regenerative Biology; Genomics and Computational Biology; Microbiology, Virology and Parasitology; Parasitology; Oral Biology; Cellular, Molecular and Developmental Biology; Integrative Biology; Quantitative and Computational Biology; Marine Biology; Reproductive Biology; Biology and Control of Parasites and Disease Vectors; Molecular Biology of Parasites and Disease Vectors; Neuroscience; Behavioural Neuroscience; Chromosome and Developmental Biology; Radiobiology; Mechanistic Biology; Anatomy and Neurobiology; Applied Anatomy and Physiology; Biodiversity, Ecology and Evolution; Entomology; Population Biology; Computational Biology; Environmental Biology; Marine and Environmental Biology; Environmental Microbiology; Microbiology; Anthrozoology; Evolutionary Biology; Geobiology; Human Biology; Organismic and Evolutionary Biology; Radiation Biology; Conservation and Biodiversity; Geobiology and Paleobiology; Molecular Systems Biology; Plant BioSystems; Plant Science; Bioresource Engineering; Animal Behaviour; Molecular Biology and Biochemistry; Biophysical Science; Biomathematics; Molecular Plant and Microbial Sciences; Biochemistry, Molecular and Structural Biology; Biodiversity, Evolution und Ecology; Biology: Developmental, Neural and Behavioral Biology; Wildlife Biology	магистратура докторантура	2.1М 2.1Д	Австралия, Бельгия, Великобритания, Германия, Дания, Ирландия, Италия, Канада, Китай, Литва, Нидерланды, Норвегия, Россия, США, Финляндия, Франция, Швейцария, Эстония, Южная Корея, Япония
21	2	Математика	Mathematics; Mathematical Sciences; Applied Mathematics; Applied Mathematical Sciences; Mathematics and Physics; Financial Mathematics; Complex Systems Modelling; Geometry; Algebra, Geometry and Number Theory; Number Theory; Mathematics and Statistics; Applied Mathematics and Computational Science; Mathematics for Teachers; Computational Mathematics; Applied and Computational Mathematics; Mechanics and Mathematical Modeling; Applied Mathematical Sciences with Biological and Ecological Modelling; Pure Mathematics; Pure Mathematics and Mathematical Logic; Fundamental Mathematics; Applied Mathematical Sciences with Climate Change Impacts Modelling; Business Mathematics; Mathematics in Science and Engineering; Basic Mathematics; Mathematics in Bioscience; Modern Applications of Mathematics; Mathematical Modelling in Engineering and Industry; Engineering Mathematics; Mathematics and Foundations of Computer Science; Applicable and Numerical Mathematics; Scientific Computation with Industrial Mathematics; Mathematics - Educational Studies; Mathematics Education; Mathematics and Applications; Technomathematics; Scientific Computation; Mathematical Modelling and Scientific Computing; Computational and Mathematical Engineering; Actuarial Science; Actuarial Studies; Actuarial Mathematics; Financial and Actuarial Mathematics; Mathematics and Finance; Stochastic Analysis and Mathematical Finance; Applied Mathematics with Industrial Modelling	магистратура докторантура	2.2М 2.2Д	Австралия, Бельгия, Великобритания, Германия, Дания, Ирландия, Канада, Китай, Литва, Нидерланды, Норвегия, Россия, Сингапур, США, Франция, Эстония, Южная Корея, Япония

22	3	Физика. Астрономия	Physics; Solid State Physics; Applied Physics; Condensed Matter Physics; Multi-scale Physics; Particle Physics; Particle Physics and Nuclear Physics; Theoretical Physics; Applied and Industrial Physics; Physics and Astronomy; Applied Physics and Applied Mathematics; Plasma Physics; Earth Physics; High Energy Physics; Experimental Physics; Physics: Biophysics and Medical Physics; Computational Physics; Atomic and Molecular Physics; Physics: Electronics; Didactic Physics; Physics: Condensed Matter Physics; Space Physics and Atmospheric Physics; Subatomic Physics; Physics of Geological Processes; Chemical Physics; Engineering Physics; Astrophysics; Astronomy; Astronomy and Astrophysics; Astrophysical Sciences; Physics and Atmospheric Science; Electrophysics; Geophysics and Planetary Sciences; Optical Engineering; Acoustics; Acoustics and Music Technology; Optical Physics; Radio Physics; Advanced Optical Technologies; Photonics; Physics and Applications; Applied and Engineering Physics; Optics and Photonics; Physics with Nanoscience; Frontiers of Quantum Technology; Nanoscale Physics; Physical Sciences; Astronomy and Space Physics; Space Physics; Earth and Space Science; Earth and Planetary Sciences; Medical Physics; Quantum Fields and Fundamental Forces; Particles, Strings and Cosmology; Advanced Computational Methods for Aeronautics, Flow Management and Fluid-Structure Interaction; Biophysical Science; Quantum Fields and Fundamental Forces; Theory and Simulation of Materials; Plastic Electronics; Controlled Quantum Dynamics; Physics with Shock Physics; Physics with Nanophotonics; Geophysics and Space Physics; Theoretical and Mathematical Physics; Astrophysics and Space Physics	магистратура	2.3М	Австралия, Бельгия, Великобритания, Германия, Дания, Ирландия, Канада, Китай, Литва, Нидерланды, Норвегия, Россия, Сингапур, США, Финляндия, Франция, Эстония, Южная Корея, Япония
				докторантура	2.3Д	
23	4	Химия	Chemistry; Analytical Chemistry; Clinical Biochemistry; Advanced Chemical Engineering with Biotechnology; Advanced Chemical Engineering with Process Systems Engineering; Chemical and Biological Engineering; Chemical Engineering; Chemical and Materials Engineering; Synthetic Chemistry and Biological Chemistry; Chemical Engineering and Applied Chemistry; Inorganic Chemistry; Organic Chemistry; Advanced Organic Chemistry; Physical Chemistry; Applied Chemistry; Environmental Chemistry; Cancer Chemistry; Chemical Research; Physical and Theoretical Chemistry; Theoretical Chemistry; Industrial Chemistry; Advanced Chemical Sciences; Advanced Process Integration and Design; Chemical Crystallography; Organic Chemistry and Chemical Biology; Medicinal Chemistry; Cardiovascular Medicinal Chemistry; Chemical Engineering and Technology; Materials Chemistry; Sustainable Chemical Engineering; Solid State Chemistry and its Applications; Polymer Chemistry and Physics; Chemistry and Biochemistry; Analytical Chemistry and Instrumental Analysis; Material Chemistry; Energy and Hydrocarbon Chemistry; Chemical Technology; Chemistry with a Teaching Credential; Computational Chemistry; Biological Chemistry; Theoretical and Computational Chemistry; Physical Organic Chemistry; Chemical Process Engineering; Physical Inorganic Chemistry; Organic Chemistry; Drug Discovery; Drug Chemistry; Polymers for Advanced Technologies; Chemical Engineering - Polymer Science and Engineering; Chemistry: Molecular Design, Synthesis and Catalysis; Chemistry: Molecular Simulation and Photonics; Chemical, Biochemical and Materials Engineering; Polymers Chemistry and Technology; Silicate Technology; Physical and Inorganic Chemistry; Sustainable Chemistry and Catalysis; Chemical and Process Engineering; Advanced Chemical Engineering; Catalysis: Chemistry and Engineering; Green Chemistry: Energy and the Environment; Advanced Chemical Engineering with Structured Product Engineering; Chemical Engineering and Processing; Biochemistry and Biophysics	магистратура	2.4М	Австралия, Австрия, Бельгия, Великобритания, Германия, Дания, Ирландия, Канада, Китай, Литва, Нидерланды, Норвегия, Россия, Сингапур, США, Финляндия, Франция, Швейцария, Эстония, Южная Корея, Япония
				докторантура	2.4Д	
24	5	Экология. Метеорология. Охрана окружающей среды	Environment and Ecology; Environmental Sciences; Environmental Studies; Environmental Engineering; Earth and Environmental Engineering; Earth and Environmental Sciences; Ecological Applications; Evolution and Conservation; Contaminated Land and Remediation; Ecology and Environment; Ecology and Environmental Sustainability; Pollution and Environmental Control; Earth and Atmospheric Science; Earth, Atmospheric and Planetary Sciences; Earth Sciences; Soil, Water and Environmental Sciences; Ecology and Evolutionary Biology; Aquatic Resource Management; Environmental Monitoring, Modelling and Management; Environmental Monitoring, Modelling and Reconstruction; Global Environmental Change; Atmospheric and Space Sciences; Environmental Policy and Planning; Natural Resources and Environment; Natural Resources and Environmental Sciences; Atmospheric and Oceanic Sciences; Applications in Environmental Sciences; Environment and Sustainable Technology; Environmental Management and Cleaner Production; Environmental Governance; Environmental Impact Assessment and Management; Atmospheric Environmental Science; Atmospheric and Climate Science; Marine Environmental Science; Environmental Science, Policy and Management; Agroecology; Environmental Sciences and Engineering; Environmental Management; Ecology, Evolution and Conservation Ecology; Evolution and Conservation Research; Environmental Earth System Science; Environmental Systems Engineering; Environmental Management and Development; Safety and Environmental Management of Nuclear Decommissioning; Environmental Management and Planning; Marine Planning and Management; Resource Management; Conservation and Resource Management; Environment and Climate Change; Applied Meteorology and Climate with Management; Applied Meteorology; Atmosphere, Ocean and Climate; Climate Change and Development; Environmental Pollution; Geoecology; Environmental Pollution and Protection; Environmental Management of Urban Land and Water; Environmental and Energy Engineering; Energy and Environmental Engineering; Environmental and Petroleum Geochemistry; Environmental Science and Engineering; Ecological Sciences and Engineering; Environmental Science and Technology; Safety, Health and Environment; Atmospheric Sciences; Sustainability Engineering; Urban Environmental Issues; Sciences of the Universe, Environment and Ecology; Earth, Atmospheric, and Planetary Sciences; Industrial Ecology; Hydrological Environment Engineering; Applied Ecology; Ecological Assessment; Meteorology; Climate System and Climate Change; Meteorology and Oceanography; Climate Change; Ecosystems and Landscape Ecology; Landscape Ecology and Conservation; Carbon and Energy Management; Management of Solid and Hazardous Waste; Air Pollution; Renewable Resources with option in Environment/Neotropical Environment/Environmental Assessment; Environment and Health; Earth Surface Processes; Geochemistry; Evolution, Ecology and Systematics; Ecology and Evolution; Ecology and Natural Resource Management; Energy and Environmental Analysis; Environmental Technologies; Environmental Engineering and Sustainable Infrastructure; Environment and Development; Resource Management and Environmental Studies; Wildlife Ecology and Management; Oceanography; Protected Areas and Wildlands Management; Hydrological Environment Engineering; Eco-cities; Water and Environmental Management; Climate Change: Impacts and Mitigation; Climate Change: Managing the Marine Environment; Environmental Analysis and Assessment; Marine Resource Development and Protection; Environment and Sustainable Development; Climate Change: Environment, Science and Policy; Disasters, Adaptation and Development; Sustainability, Planning and Environmental Policy; Environmental Engineering and Sustainable Development; Environmental Engineering and Business Management; Environmental Technology; Ecosystem and Environmental Change; Conservation Science; Green Mobility Engineering; Environmental Management and Sustainability	магистратура	2.5М	Австралия, Великобритания, Германия, Дания, Канада, Китай, Литва, Нидерланды, Норвегия, Россия, Сингапур, США, Финляндия, Франция, Швейцария, Эстония, Южная Корея, Япония
				докторантура	2.5Д	
3. Сельскохозяйственные науки						
25	1	Агрономия. Агроинженерия	Agriculture; Agronom; Agricultural Studies; Agricultural Science; Comparative Agricultural Science; Agricultural and Biological Engineering; Agronomy; Agricultural and Biosystems Engineering; Agricultural Biotechnology; Community, Agriculture, Recreation and Resource Studies; Crop and Soil Sciences; Plant Breeding; Genetics and Biotechnology - Crop and Soil Sciences; Agricultural Production; Agriculture and Development; Controlled Environmental Agriculture; Agricultural and Environmental Chemistry; Crop Sciences; Agroecosystem Science; Agricultural Engineering; Biosystems and Agricultural Engineering; Agricultural and Horticultural Sciences; Organic Agriculture and Food Systems; Agricultural and Environmental Technologies; Sustainable Agriculture and Rural Development; Agriculture and Life Sciences; Entomology; Rural Development; Agricultural Mechanics and Equipment; Sustainable Agriculture and Food Security; Agricultural Biomaterials; Land and Food Systems; Agricultural Facilities Engineering; Agroforestry; Agricultural Systems Engineering; Agricultural Machinery; Aquaculture (Sustainable Aquaculture); Agricultural and Environmental Sciences; Agriculture and Gardening Studies	магистратура	3.1М	Австралия, Германия, Россия, США, Канада, Китай, Южная Корея, Япония
				докторантура	3.1Д	
26	2	Аграрный менеджмент	Agriculture Management; Agri-Food Business; Sustainable Agriculture and Integrated Watershed Management; Agricultural Operations Management; Agribusiness; Agribusiness Management; Agricultural and Biological Engineering and Technical Systems Management; Agriculture and Rural Development; Agricultural Development; International Animal Welfare, Ethics and Law; Rural Land and Business Management; Strategic Management for Rural Business; Agro- and Ecosystems Engineering	магистратура	3.2М	Австралия, Бельгия, Германия, Дания, Россия, США, Китай, Южная Корея, Япония

27	3	Ветеринария. Ветеринарная медицина. Ветеринарная санитария. Ветеринарная безопасность	Veterinary Clinical Sciences; Veterinary Medicine; Animal Science; Veterinary Clinical Medicine; Veterinary Science; Veterinary Public Health; Veterinary Bioscience; Animal Health Policy; Equine Health; Production Animal Health; Animal Welfare; Animal Physiology; Animal Behaviour; Veterinary Public Health (Emergency Animal Diseases); Veterinary Studies; Aquatic Veterinary Studies; Veterinary Epidemiology; Veterinary Immunology; Veterinary Microbiology; Veterinary Parasitology; Veterinary Pathology; Veterinary Virology; Applied Animal Behaviour and Animal Welfare; Animal Biosciences; Clinical Veterinary Sciences; International Animal Health; Veterinary Public Health; International Animal Health, Concentration: Transboundary Animal Disease Management; Small Animals Science	магистратура	3.3М	Австралия, Великобритания, Германия, Дания, Канада, Китай, США, Южная Корея
				докторантура	3.3Д	
28	4	Зоотехния	Animal Science; Animal Behaviour; Applied Animal Behaviour and Animal Welfare; Animal Science and Management; Animal Breeding and Genetics; Animal Population Health and Welfare	магистратура	3.4М	Австралия, Канада, Россия
29	5	Лесохозяйственное дело и звероводство	Forestry; Forestry and Natural Resources; Forest Science; Study of Forest Environment; Forestry and Environmental Engineering; Agriculture: Forest and tree Technologies; Forest Business Management; Forest Ecosystem Science; Forest Environmental Science; Forest Science; Agroforestry; Forest Biology and Management; Forest Resources Management; Forest Sciences; Forest Sciences and Business; Forest Ecology; Forest Hydrology; Forest Biochemistry; Wildlife Management	магистратура	3.5М	Австралия, Канада, США, Финляндия, Южная Корея, Япония
30	6	Мелиорация, рекультивация и охрана земель	Land Reclamation; Land Reclamation, Remediation and Restoration; Land and Ecosystem Rehabilitation; Land Rehabilitation; Land Reclamation and Restoration; Irrigation Engineering; Water Supply and Irrigation Engineering; Irrigation Engineering And Hydraulics; Irrigation and Drainage Engineering; Soil and Water Management; Soil Mechanics; Land Resource and Management; Soil Mechanics and Sustainable Development; Soil Mechanics and Engineering Seismology; Soil Mechanics and Environmental Geotechnics; Unsaturated Soil Mechanics; Soil Science; Rangeland Management; Range Management; Conservation and Land Management; Land and Water Conservation; Soils and Biogeochemistry; Water and Land Resources; Groundwater Management	магистратура	3.6М	Германия, Канада, Китай, Россия, США
31	7	Пищевая безопасность	Food Security; Food Sciences; Food Development; Food and Nutrition; Food Science and Biotechnology; Food Safety; Food Safety and Toxicology; Food Safety and Risk Analysis; Food Security; Food Security and Development; Food Science, Safety and Health; Food Science and Technology	магистратура	3.7М	Австралия, Великобритания, Финляндия, Южная Корея, Япония
				докторантура	3.7Д	
32	8	Почвоведение и агрохимия	Horticulture; Land Use Change; Horticulture and Agronomy; Agriculture: Biosphere and Atmosphere Interactions; Soil Science; Soil and Crop Sciences; Crop and Soil Sciences; Environmental Soil Science; Soil and Water Science; Soil and Water Resources Engineering; Horticultural Crop and Landscape Management; Horticultural Biology; Horticultural Science; Urban Horticulture; Land Reclamation and Remediation; Arid Land Studies	магистратура	3.8М	Австралия, Германия, Канада, Россия, США, Китай, Южная Корея
				докторантура	3.8Д	
33	9	Растениеводство. Защита и карантин растений	Plant Breeding; Plant Genetics; Plant Pathology; Plant Sciences; Plant Pathology; Plant Sciences; Plant Protection; Plant BioSystems; Plant Breeding, Genetics, and Biotechnology; Plant Breeding and Genetics; Molecular and Environmental Plant Sciences; Plant Genetics and Crop Improvement; Viticulture and Enology; Plant Protection and Quarantine; Medicinal Plants and Functional Foods; Crop Improvement; Plant and Crop Sciences; Crop Protection (Entomology); Crop Protection (Integrated Pest Management); Integrated Crop Pest and Disease Management	магистратура	3.9М	Австралия, Великобритания, Китай, Россия, США, Южная Корея
				докторантура	3.9Д	
4. Социальные науки, экономика и управление						
34	1	Арт-менеджмент. Искусствоведение	Arts and Cultural Management; Arts Management, Policy and Practice; Producer's Programs; Art Management Psychology; Cultural Management; Arts Management; Classics; Art History; Contemporary Literature and Culture; Classics and Ancient History; Art History; Art Education; Art; Cultural History; Digital Media and Culture; History of Art; Classical Tradition; Management in Cultural and Creative Industries; Music Management; Cultural Studies; Technocultural Studies; Applied Cultural Analysis; Arts and Media Administration	магистратура	4.1М	Австралия, Великобритания, Германия, Дания, Литва, США
				докторантура	4.1Д	
35	2	Архивное дело. Музейное дело и охрана памятников	Archival Studies; Museology and Conservation of Cultural Heritage; Historic Preservation; Information and Records Management; Archive and Information Studies; Museology; Art Gallery and Museum Studies; Museum Studies; Conservation; Museum Anthropology; Arts and Heritage; Museum and Field Studies; Museum and Artefact Studies; Museum and Gallery Education; Museums and Collections; Curatorship; Conservation of Archaeological and Museum Objects; International Cultural Heritage Management; Archives and Records Management; Information and Archival Science; Conservation Practice; Curatorial and Museum Studies; Museum and Heritage Studies; Cultural Materials Conservation; Care of Collections; Museum Education; Art Curatorship; Moving Image Archive Studies; Art History and Curatorial Studies	магистратура	4.2М	Австралия, Великобритания, Германия, Ирландия, Канада, Китай, Россия, США, Франция, Южная Корея
36	3	Библиотечное дело	Science of Library; Library and Information Management; Library, Information and Records Management; Information Resources and Library Science; Library and Information Science; Information and Library Science; Library Science; Library, Archive and Information Studies; Electronic and Digital Library Management; Librarianship; Library and Information Studies; Information and Archival Science; Information and Archival Studies; Archives and Records Management	магистратура	4.3М	Великобритания, Канада, Китай, США, Южная Корея
37	4	Бизнес-администрирование***	Business Administration; Concentrations for MBA programs: Accounting; Analytic Finance; Analytic Management; Econometrics and Statistics; Economics; Entrepreneurship; Finance; General Management; International Business; Managerial and Organizational Behavior; Marketing Management; Operations Management; Strategic Management	магистратура	4.4М	США, Великобритания, Испания, Сингапур, Франция
38	5	Бухгалтерский учет и аудит. Финансы. Экономика. Маркетинг	Accounting; Accounting Science; Accounting and Finance; International Accounting; International Accounting and Finance; Accountability and Financial Management; Accounting and Financial Economics; Accounting and Taxation; Finance, Accounting and Taxation; Evaluation; Evaluation and Accountancy; Professional Accounting; Accountancy and Control; Accountancy and Control; Accountancy; Accounting Auditing and Control Accounting; Accounting and Accounting Taxation; Accountancy; Accounting, Accounting Organisations and Institutions; Oil and Gas Accounting; Accounting and Business Management; Accounting, Auditing and Taxation; Finance; Finance and Economics; International Finance and Economics; Actuarial Science and Mathematical Finance; Development Finance; Metals and Energy Finance; Mathematical Finance; Health Finance and Management; Quantitative Finance; Quantitative Finance and Mathematics; Quantitative Financial Engineering; Quantitative and Computational Finance; Corporate and International Finance; Finance and Strategy; Applied Finance; Financial Markets and Intermediaries; Risk and Finance; Banking and Finance; Banking and Finance in Emerging Economies; Financial Management; Money and Finance; Money, Banking and Finance; Business Finance; Finance and Business Economics; Finance and Accounting; International Finance; Finance, Auditing, Controlling, Taxation; Finance and Management; Banking and Financial Systems in the Global Economy; Corporate Finance; Capital Markets, Regulation and Compliance; Financial Engineering; Financial Risk Management; Financial Engineering and Management; Risk Management and Financial Engineering; Finance and Control; Finance and Investment; Financial Engineering and Risk Analytics; Finance and Private Equity; Finance and Financial Regulation; Actuarial Finance; Economics; European and International Business; Applied Economics; Development Economics and Policy; Econometrics; Economics of Health; International and Monetary Economics; Development Economics; International and Development Economics; Environmental Economics; Economics and Econometrics; Cultural Economy; Financial Economics; Business Economics; Engineering Economics; Economic Analysis and Planning; Theoretical Economics; Food Economics and Marketing; International Trade and Economic Relations; East Asian Business; Business Analytics; Economics and Health Economics; Accounting and Marketing; Economics of Public Policy and Management; Economics and International Financial Economics; Economics and Development; Commercial Management;	магистратура	4.5М	Австралия, Австрия, Бельгия, Бахрейн, Великобритания, Германия, Дания, Италия, Канада, Китай, Литва, Малайзия, Нидерланды, Норвегия, Россия, Сингапур, США, Финляндия, Эстония, Южная Корея, Япония****

			Environmental and Natural Resource Economics; Agricultural and Applied Economics; Economics and Finance; International Economics and Finance; International Economics, Banking and Finance; Petroleum, Energy Economics and Finance; Economics and Management of Rural Development; Property Studies; Property; Commercial Property; Real Estate; Real Estate Economics and Finance; Transport Economics; Health Economics; Integrated Marketing Communications-Brand Strategy; Integrated Marketing Communications-Content Marketing; Integrated Marketing Communications-Digital and Interactive Marketing; Integrated Marketing Communications-Marketing Analytics; Economic Theory and Econometrics; Economics of Markets and Organizations; Economic Analysis and Measurement; Agricultural Economics; Industrial Economics; Labor Economics; National Economics; Quantitative Economics; Agricultural Development Economics; Defense Economics; Electronic Commerce; Commerce; International Political Economy of Resources; Mineral and Energy Economics; Policy Economics; Petroleum Economics and Management; Agricultural, Food and Resource Economics; Actuarial Science; Actuarial Studies; Actuarial Studies and Statistics; Actuarial Practice; Agricultural and Consumer Economics; Agricultural and Resource Economics; Economic Studies; Environmental and Development Economics; Economic Regulations and Competition; Econometrics and Mathematical Economics; Experimental Economics; Economics and Experimental Economics; Behavioural Economics; Economics and International Economics; Labor Economics for Development; Forest Economics; Marketing; Food and Resource Economics; International Banking, Securities and Finance; Public Economics; Emerging Economics and Inclusive Development; Economics of Innovation and Growth; International Money; International Money, Finance and Investment; Real Estate Investment and Finance; International Accounting and Environmental Economics; International Finance and Corporate Accountability; International Finance and Economic Development; Quantitative Financial Risk Management; International Banking and Finance; Customer Insights; Finance; Applied Economics and Financial Economics; Climate Change, Management and Finance; Economics and Strategy for Business; Strategic Marketing; Quantitative Marketing; Economics and Computation; Investment and Wealth Management; Financial Analysis and Fund Management; Islamic Finance; Islamic Finance and Management	докторантура	4.5Д

				докторантура	5.4Д	
54	5	Религиоведение. Теология. Востоковедение	Religion; Religious Studies; Theology; Divinity; Theological Studies; Sacred Theology; Theology in History; Study of Religion; Religion in Contemporary Society; Systematic Theology; Intercontextual Theology; Religion and Public Life; Religion, Conflict and Dialogue; Religion, Dialogue and Education; Contemporary Ministry and Apologetics; Catholic Religious Education; Catholic Theology; Theology and Religious Studies; Theology and Religious Studies: Western Esotericism; Theology, Politics and Faith-Based Organisations; Christian Theology; Religion, Conflict and Globalisation; Islamic Studies; Jewish Studies; Asian Religions; Biblical Studies; Bible and Ministry; Abrahamic Religions; East Asian Studies; Arab World Studies; East Asian Art and Archaeology; Near Eastern Studies; East Asia: Regional Studies; East Asian Languages and Civilizations; Near and Middle Eastern Civilizations; Middle East and Mediterranean Studies; Oriental Studies; Islamic World; Asian Studies; Sinology; Modern East-Asian Studies; Christianity and the Arts; World Christianity; Philosophy; Philosophy of Medicine; Philosophy of Psychology; Ancient Philosophy; Philosophical Foundations of Physics; Political Philosophy; International Philosophy; Chinese Philosophy; Argumentation Theory and Philosophy; Philosophy of Humanities; Philosophy of Political Science; Teaching Philosophy; Chinese Studies; Modern Chinese Studies; Eastern Christianity; Japanese Studies; Korean Studies; South and Inner Asia; Ministry and Theology; African Studies; Middle Eastern and North African Studies; African and Asian Studies; Near Eastern Languages and Cultures; Languages and Cultures of Asia; Orientalism and African Studies; Arabic Studies; Islamic Religion; Middle Eastern Studies; Asia-Pacific Studies; Islam in the Modern World; Middle Eastern and Central Asian Studies; Religion in Contemporary World; Religion and Society; Spirituality, Theology and Health; Assyriology; Theology and Religion; Religious Roots of Europe; Egyptology; History, Theory, and Practice of Jewish-Christian Relations; Iranian Studies; Judaism in Historical Context: Judaism in Hellenistic-Roman and Islamic-Christian Contexts; Religion – Economics – Politics; Turkish Studies; Comparative Religion; Southeast Asian Studies; Japan in the World: Global Challenges and Cultural Perspectives; Christianity and Culture; South Asian Studies; Near and Middle Eastern Studies; Religion, Science and Policy; Ancient Judaism	магистратура	5.5М	Австралия, Австрия, Бельгия, Великобритания, Германия, Дания, Канада, Китай, Литва, Нидерланды, Норвегия, Россия, США, Финляндия, Южная Корея, Япония
				докторантура	5.5Д	
55	6	Филология. Лингвистика	Linguistics; Applied Linguistics; Applied Linguistics and Discourse Studies; Linguistics: General Linguistics; General Linguistics; Linguistics: Linguistics of European Languages; Theoretical Linguistics; Language Science and Technology; German as a Second Language/ Intercultural German language and Literature Studies; Germanic Linguistics; German Studies; Germanic Languages; German Language; Germanic Philology; Theoretical Linguistics and Cognition; Romance Linguistics; Clinical and Experimental Linguistics; Forensic Linguistics; Applied Linguistics and Second Language Acquisition; German Philology; Modern Languages; Hispanic Studies; Japanese Studies; English and American Studies; English Language and English Linguistics; Italian; Italian Studies; English Language and Linguistics; French Language, Literatures and Linguistics; Germanic Languages, Literatures and Linguistics; English and Literary Studies; English Language; Developmental Linguistic; Speech and Language Processing; Linguistics of European Languages; English Studies; French; French Language; French Language and Literature; Germanic Studies; Languages and Linguistics; Literary Linguistics; Chinese language; Chinese Language and Culture; Philology; French and Francophone Studies; Language and Cultural Diversity; Classical Philology; English Philology; French Philology; Speech, Language and Hearing Sciences; Foreign Languages and Literatures; Human Language Technology; Modern Languages and Cultural Studies; Applied Linguistics for English Language Teaching; English; Languages, Literatures, and Cultures; Communication and Language Studies; Language in Intercultural Communication; Language and Communication Research; Language and Cognition; East Asian Languages; Chinese Linguistics; Linguistique; Japanese Linguistics; Slavic Linguistics; Applied Linguistics for TESOL; Linguistics and Literature: English; English Studies: Literature, Language, Culture; Comparative Dutch Studies: Modern Greek Language; Latin Philology; Balkan Philology; Comparative Indo-European Linguistics; Empirical Linguistics; Computational Linguistics; Romance Studies: French/Italian/Spanish; General and Applied Linguistics	магистратура	5.6М	Австралия, Австрия, Бельгия, Великобритания, Германия, Дания, Канада, Китай, Литва, Нидерланды, Россия, США, Франция, Южная Корея
				докторантура	5.6Д	

6. Здравоохранение и медицинские науки							
56	1	Акушерство и гинекология	Obstetrics and Gynaecology; Clinical Embryology; Maternity Care; Midwifery; Advanced Midwifery Practice	докторантура резидентура	6.1Д 6.1Р	Великобритания, США	
57	2	Аллергология и клиническая иммунология	Immunology and Infectious Disease; Integrated Immunology; Infection Immunology and Translational Medicine; Pediatric Allergy and Immunology; Immunology and Allergy; Allergy; Clinical Immunology; Biological Sciences: Immunology; Molecular Microbiology and Immunology; Microbiology and Immunology; Immunology and Infectious Disease; Immunology; Infection and Immunity	резидентура	6.2Р	Канада, США, Южная Корея	
58	3	Анестезиология и интенсивная терапия. Реаниматология	Anesthesiology; Anaesthesia and Intensive Care Medicine; Anesthesiology and Critical Care Medicine; Emergency Medicine; Critical Care Medicine; Intensive-Care Medicine; Advanced Emergency Care; Immediate Care; Emergency Medical Services; Cardiovascular and Thoracic Anesthesia; Cardiothoracic Anesthesia; Adult Cardiothoracic Anesthesia; Obstetric Anesthesia; Neuroanesthesia; Critical Care; Pediatric Anesthesiology; Pediatric Emergency Medicine; Dental Anesthesiology	докторантура резидентура	6.3Д 6.3Р	Великобритания, Германия, Китай, США, Южная Корея	
59	4	Ангиология	Angiology; Angiology and Vascular Medicine; Vascular Medicine	резидентура	6.4Р	США	
60	5	Вирусология	Virology; Molecular Biology and Pathology of Viruses; Medical Virology; Tropical and Infectious Diseases; Microbiology and Infection; Biohazardous Threat Agents and Emerging Infectious Diseases; Public Health with a concentration in Infectious Disease Pathogenesis, Eradication, and Laboratory Practice; Infectious Diseases and Microbiology	магистратура докторантура	6.5М 6.5Д	Великобритания, Китай, США	
61	6	Внутренние болезни	Therapeutics; Medical Entomology for Disease Control; General Medicine; Experimental Therapeutics; Internal Medicine; Nutritional Therapy; Classification, Diagnosis, Etiology and Treatment	резидентура	6.6Р	США	
62	7	Врач общей практики	Family Medicine; Family Health; Adult-Gerontological, Family, and Women's Health	магистратура	6.7М	Австралия, Великобритания, Канада, США	
63	8	Кардиология	Cardiology; Cardiac Science; Cardiovascular Medicine; Preventive Cardiology; Cardiovascular Health and Disease Prevention; Cardiorespiratory Physiotherapy; Cardiorespiratory Physiotherapy; Congenital Cardiothoracic Care; Cardiovascular; Preventative Cardiology	докторантура резидентура	6.8Д 6.8Р	Великобритания, США	
64	9	Лучевая диагностика	Radiopharmaceutics and PET Radiochemistry; Medical Engineering and Physics; Ultrasound in Emergency and Critical Care; Medical Ultrasound; Vascular Ultrasound; Radiology; Medical Radiation Science; Diagnostic Radiology; Radiology; Radiodiagnosis; Medical Diagnostic Ultrasound; Dento-Maxillofacial Radiology; Radiology and Biomedical Engineering; Diagnostic Radiography	докторантура резидентура	6.9Д 6.9Р	Великобритания, Германия, США, Южная Корея	
65	10	Неврология	Neuroscience; Neurodegeneration; Neurogenesis; Clinical Neuroscience; Epilepsy; Neural Circuits; Neurobiology; Integrative Neuroscience; Psychology and Neuroscience; Neurotechnology; Clinical Neurology; Behavioural and Cognitive Neuroscience; Cognitive Neuroscience; Developmental Cognitive Neuroscience; Cognitive Neuroscience and Human Neuroimaging; Neurology; Clinical Neurodevelopmental Sciences	докторантура резидентура	6.10Д 6.10Р	Великобритания, Китай, США	
66	11	Общественное здравоохранение. Менеджмент в здравоохранении	Public Health; Healthcare Management; Health Care Management and Economics; Community Health; Health Policy, Management and Evaluation; Health Management; Public Health and Health Management; Medical Science; Health Sciences; Community Health Sciences; Medicine; Bioethics; Health Administration; Environmental Health Sciences; Environmental Health; Health Policy Management; Academic Medicine; Occupational and Environmental Hygiene; Global Medicine; Global Health Science; Global Health; Adult-Gerontological, Family, and Women's Health; Health Economics and Health Care Management; Health Sciences and Technology; Health Education and Health Communication; Medical Services Management; Health Services Administration; International Health; International Health Management; European Public Health; Community Health Studies; Clinical Management; Health, Community and Development; Biomedical Sciences and Translational Medicine; Advanced Practice in Healthcare; Humanitarian Health Programme Management; International Public Health; Dental Public Health; Health Promotion and Socio-behavioural Sciences; Nutrition and Public Health; Ecosystem and Public Health; Public Health Nutrition; Bioethics; Occupational Health; Health Sciences - Environmental and Occupational Health Concentration; Social and Healthcare Development and Management; Health Education and Promotion; Health Professions Education; Public Health specializing in Global Health; Sustainable Regional Health Systems; Public Policy and Global Health; Healthcare Leadership; Behavioral and Community Health Sciences; Environmental and Occupational Health; Public Health Genetics; Genetic Counseling; Health Care Supervision and Management; Public Health Sciences; Public Health: Psychosocial Prevention and Health Promotion; International Occupational Safety and Health; Culture Health and Medicine; Global Health and Development	магистратура докторантура	6.11М 6.11Д	Австралия, Великобритания, Германия, Дания, Канада, Китай, Литва, Нидерланды, Норвегия, Россия, Сингапур, США, Франция, Швеция, Южная Корея, Япония	
67	12	Офтальмология	Ophthalmology; Clinical Ophthalmology; Investigative Ophthalmology; Vision Science; International Ophthalmology; Investigative Ophthalmology and Vision Sciences; Optometry and Ophthalmic Technology; Eye Care; Ocular Oncology; Clinical Investigation and Visual Sciences; Vision and Vascular Science; Eye and Vision Sciences; Vision and Disease; Ocular Biology; Artificial Vision; Optometry; Clinical Optometry	резидентура	6.12Р	Великобритания, США	
68	13	Реабилитология	Rehabilitation Science; Regeneration; Physical Medicine and Rehabilitation; Communication Science and Disorders; Health and Rehabilitation; Orthopaedic and Rehabilitation Technology; Rehabilitation Medicine; Reabilitology; Physical Therapy; Cardiac Rehabilitation; Advanced Physiotherapy; Palliative Care; Rehabilitation Science and Technology; Health and Rehabilitation Sciences Area of Concentration in Occupational Therapy; Physical Therapy; Rehabilitation Counseling	докторантура резидентура	6.13Д 6.13Р	Великобритания, Германия, Канада, США	
69	14	Сестринское дело	Nursing; Nursing Care; Nursing Science; Nursing - Advanced Cardiac Care; Cardiorespiratory Nursing; Rheumatology Nursing; Critical Care Nursing; Adult-Gerontological Critical Care Trauma Clinical Nursing; Clinical Nursing; Adult-Gerontological Clinical Nursing; Oncology Clinical Nurse; Physiological Nursing; Nursing Science and Health-Care Leadership; Nursing Education; Nursing Administration and Leadership; Family Nurse Practitioner; Cardiovascular Nursing; Chronic Disease and Palliative Care; Pediatric Nurse; Palliative Care Nursing; Neonatal Nursing; Pediatric Critical Care Nursing; Psychiatric-Mental Health Nursing; Advanced Nursing Studies; Cancer and Hematology Nursing; Rural and Remote Nursing; Primary Health Care Nursing; Gastroenterological Nursing; Aged Care Management; Advanced Practice Nursing; Mental Health Nursing; Health Science and Nursing; Clinical Nurse Specialist; Direct Entry Nursing; Global Health Clinical Nurse Specialist; Neonatal Nurse Practitioner; Nursing Services Administration; Primary Care Nurse Practitioner; Advanced Nursing Practice; District	магистратура докторантура	6.14М 6.14Д	Австралия, Великобритания, Канада, США, Финляндия, Южная Корея	
70	15	Стоматология	Oral Medicine; Oral and Maxillofacial Surgery; Clinical Dentistry	резидентура	6.15Р	Австралия, США	
71	16	Трансплантология	Transplant Surgery	докторантура резидентура	6.16Д 6.16Р	США	
72	17	Фармакология, фармацевтическая химия	Pharmacy; Pharmacology; Drug Development Science; Pharmaceutical Analysis and Quality Control; Pharmaceutical Technology; Pharmacy Practice; Clinical Pharmacy; Bio-Pharmaceutical Sciences; Drug Innovation; Drug Delivery Technology and Biopharmaceutics; Medicinal Chemistry and Molecular Pharmacology; Industrial and Physical Pharmacy; Medical Pharmacology; Perfusion, Pharmaceutics and Pharmacokinetics; Pharmacology and Toxicology; Integrative	магистратура	6.17М	Австрия, Великобритания, Германия, Дания, Канада, Нидерланды, США, Швеция	

			Pharmacology; Pharmaceutics -Clinical Pharmacology; Drug Development and Drug Safety; Biopharmaceuticals; Clinical Pharmacology; Pharmaceutical Biophysics; Pharmacology and Therapeutics; Medicinal Chemistry; Pharmaceutical Sciences; Medicinal Chemistry; Pharmacology and Therapeutics; Molecular and Medical Pharmacology; Pharmacology; Pharmacology and Molecular Signaling; Pharmacology with option in Chemical Biology; Medicinal and Industrial Pharmaceutical Sciences; Pharmaceutical Engineering; Integrative Physiology and Pharmacology; Forensic Drug Chemistry; Medicinal Chemistry; Organic Chemistry; Drug Discovery; Drug Chemistry; Pharmaceutical Analysis; Medical Pharmaceutical Sciences; Pharmacy and Pharmaceutical Sciences; Drug Discovery Skills; Biochemical Pharmacology; Medicinal Chemistry; Pharmaceutics	докторантура	6.17Д	
73	18	Хирургия	Surgery; Oral and Maxillofacial Surgery; Advanced Surgical Practice; Surgical Care Practice; Surgical Education; Surgical Science; Transfusion, Transplantation and Tissue Banking; Endovascular Neurosurgery; Surgical Oncology; Trauma and Orthopaedic Surgery; General Surgery; Cardiovascular Surgery; Neurosurgery; Transplantation Surgery; Plastic and Reconstructive Surgery; Transfusion and Transplantation Sciences; Orthopaedic Surgery; Experimental Surgery; Oral Surgery; Dental Surgery; Pediatric Surgery; Neonatal Surgery; Head and Neck Surgery; Burns, Plastic and Reconstructive Surgery; Clinical Surgery; General Surgery	докторантура резидентура	6.18Д 6.18Р	Австралия, Великобритания, США, Китай, Южная Корея, Япония
7. Искусство *****						
74	1	Актерское искусство	Acting; Acting for Film; Classical Performance; Advanced Performance; Culture and Performance; Dramatic Art; Performing Arts	магистратура	7.1М	Австрия, Австралия, Великобритания, Германия, Италия, Канада, Литва, Россия, США, Франция, Южная Корея
75	2	Вокальное искусство	Voice; Vocal Performance; Singing and Voice; Music Studies (Opera Performance); Voice and Opera; Vocal Arts and Opera; Music (Voice Performance); Voice Performance; Vocal Pedagogy; Vocal Opera Performance; Vocal Arts; Music Vocal; Music Opera/Music Theater; Classical Voice; Opera Performance	магистратура	7.2М	Австралия, Австрия, Великобритания, Италия, Германия, Ирландия, Литва, США, Франция, Швейцария, Южная Корея
76	3	Дизайн. Декоративное искусство. Живопись. Изобразительное искусство. Скульптура	Design; Design and Manufacturing; Design Media Arts; Interior Design; Integrated Product Design; Fashion Design; Design and Decorative Art Studies; Art Design; Visual and Performing Arts; Art and Design; Industrial Design; Design Studies; Graphic Design; Interior Design; Visual Arts; Textile Design; Film and Television Costume Design; Crafts and Design; Color and Fashion Design; Fashion and Clothing Design; Furniture Design; Fine Arts and Design; Fine and Decorative Art; Decorative Arts; Graphic Design; Drawing and Printmedia; Painting; Photography; Sculpture and Spatial; Practice Fine Art; Illumination Design; Oriental Painting; Visual Art; Lighting Design; Artistic Design; Audio and Acoustics; Design; Design and Engineering; Design Futures; Design Science; Digital Design; Environmental Design; Fine Art; Furniture Design; Garden Design; Illumination Design; Industrial Design; Integrated Product Design; Interior Design; Landscape Design; Multiscale Mechanical Design; Oriental Painting; Product Design; Professional Design; Sustainable Design; Urban Design; Visual Art; Design and Drafting; Engineering Design and Drafting; Production Design; Contemporary Arts; Interactive Arts and Technology; Design and Decorative Art Studies; Visual Arts and Culture; History of Art	магистратура	7.3М	Великобритания, Италия, Канада, Китай, Нидерланды, Россия, США, Франция, Южная Корея
77	4	Звукорежиссура	Sound Design; Sound Design for Film and TV; Postproduction with Sound Design; Sound Arts; Sound Studies; Audio Production; Music Production and Sound Design for Visual Media; Music Production and Sound Design; Sound Design for Multimedia and Video; Music Production and Engineering; Music Engineering and Production; Creative Sound Production; Music Technology; Music Engineering; Sound Recording; Audio Recording and Acoustics; Acoustics; Sound Recording Technology; Audio/ Sound Engineering; Recording Engineering	магистратура	7.4М	Австралия, Великобритания, Германия, Нидерланды, США, Франция, Южная Корея
78	5	Инструментальное искусство	Jazz Performance; Instrumental Music; Performance: Solo-Guitar; Performance: Orchestral Instruments; Performance: Organ; Orchestral Instruments; Symphony Orchestra Instrument; Orchestral Instruments and Guitar; Brass; Percussion; Percussion Performance; Marimba; Woodwinds; Piano Performance; Accordion Performance; Collaborative Piano Performance; Organ Performance; Solo Piano Performance; String Performance; Harp; Strings; Violin; Viola; Violoncello; Chamber Music; Woodwind Performance (Saxophone); Classical Performance; Contemporary Music Performance; Ethnomusicology; Instrumental Composition; Performance: Conducting; Performance and Conducting; Instrumental Composition; Instrumental Music; Orchestral Conducting; Electronic Composition and Performance; Music- Performance and Composition	магистратура	7.5М	Австралия, Австрия, Великобритания, Германия, Ирландия, Литва, США, Франция, Швейцария, Южная Корея
79	6	Операторское искусство	Camera Operation; Film Production - Camera Operation/Cameraman; Documentary Practice; Digital Camera Operation; Film and Video Production - Camera Operation/Cameraman; Cinematography and Video Production; Digital Production for Television and Film; Visual Techniques of Cinema	магистратура	7.6М	Австралия, Австрия, Великобритания, Германия, Ирландия, США, Франция, Швейцария
80	7	Режиссура. Кино. Телевидение	Technical Design and Production; Film; Film Studies; Drama; Cinema and Media Studies; Digital Media; Cinematography; Production/Directing; Documentary Film; Film Directing; Film and Video Editing; Film and Media; Animation; Digital Animation; Directing; Film, Theatre or Television; Documentary Practice; Film Production; Film Making; Film and Video Arts; Interactive Media; Television, Radio and Film; Documentary Film and History; Film and TV Production; Animation and Digital Arts; Producing; Filmmaking; Cinematography; Documentary; Television Production; Directing Documentary; Directing Fiction; Editing; Producing and Directing Television Entertainment; Directing Digital Film and Television; Directing/Writing for Film and Television; Contemporary Cinema and Television; Postproduction with Visual Effects; Technical Production; Production Design for Screen; Film and Television; Audiovisual and Cinema Studies; Filmculture; Archiving, Programming, Presentation; Cinema Studies	магистратура	7.7М	Австралия, Австрия, Великобритания, Германия, Италия, Канада, Россия, США, Франция
				докторантура	7.7Д	
81	8	Театральное искусство Сценарное дело	Screenwriting; Playwriting; Writing for Screen and Television; Filmmaking; Editing; Producing and Directing Television Entertainment; Directing Digital Film and Television; Stage Playwriting; Creative Writing; Writing for Performance; Theatre; Design for Theater and Entertainment Media; Design for Theater; Theatre Design; Stage Management; Theatre and Performance Studies; Applied Theatre; Drama; Theatre and Drama; Production/Directing; Theater; Dramaturgy and Dramatic Criticism; Directing; Theater Management; Film, Theatre or Television; Producing; Theatre; Writing, Directing and Performance; Theatre Studies; Theatre Practice; Theatre Education; Theatre Voice Pedagogy; Dramaturgy; Theater-, Film- and Media Studies	магистратура	7.8М	Австралия, Австрия, Великобритания, Германия, Италия, Канада, Россия, США, Франция
82	9	Хореография. Танец	Dance; Health and Sport Sciences-Dance; Dance Cultures; Dance Performance; Contemporary Dance; Movement Arts at the Dance; Dance Science; Dance Science and Education; Dance Movement Psychotherapy; Dance Performance and Choreography; Choreography; Dance in Europe; Choreography and Performance; Dance Studies	магистратура	7.9М	Австралия, Австрия, Великобритания, Германия, Италия, Канада, Россия, США, Франция
II. Специальности для прохождения стажировки*****						
Биологические науки						
1	1	Биология. Биотехнология		стажировка		1Т
2	2	Экология. Метеорология		стажировка		2Т

Гуманитарные науки					
3	1	История		стажировка	3Т
4	2	Международные отношения		стажировка	4Т
5	3	Религиоведение		стажировка	5Т
Искусство					
6	1	Дизайн и искусство		стажировка	6Т
Медицина					
7	1	Акушерство и гинекология		стажировка	7Т
8	2	Анестезиология и реанимация		стажировка	8Т
9	3	Внутренние болезни		стажировка	9Т
10	4	Восстановительное лечение и медицинская реабилитация		стажировка	10Т
11	5	Врач общей практики		стажировка	11Т
12	6	Гастроэнтерология		стажировка	12Т
13	7	Интервенционная аритмология и клиническая электрофизиология		стажировка	13Т
14	8	Инфекционные болезни		стажировка	14Т
15	9	Кардиология		стажировка	15Т
16	10	Медицинская радиология		стажировка	16Т
17	11	Неврология. Невропатология		стажировка	17Т
18	12	Неонатология		стажировка	18Т
19	13	Нефрология		стажировка	19Т
20	14	Онкология		стажировка	20Т
21	15	Офтальмология		стажировка	21Т
22	16	Патологическая анатомия		стажировка	22Т
23	17	Патологическая физиология		стажировка	23Т
24	18	Профпатология		стажировка	24Т
25	19	Пульмонология		стажировка	25Т
26	20	Сестринское дело		стажировка	26Т
27	21	Стоматология		стажировка	27Т
28	22	Судебно-медицинская экспертиза		стажировка	28Т
29	23	Травматология и ортопедия		стажировка	29Т
30	24	Трансплантология		стажировка	30Т
31	25	Урология		стажировка	31Т
32	26	Фармация и фармакология		стажировка	32Т
33	27	Хирургия		стажировка	33Т
34	28	Эндокринология		стажировка	34Т
35	29	Эпидемиология и санитарная гигиена		стажировка	35Т
Сельскохозяйственные науки					
36	1	Аграрная техника и технология		стажировка	36Т
37	2	Агрономия		стажировка	37Т
38	3	Ветеринария. Ветеринарная медицина. Ветеринарная санитария. Ветеринарная безопасность		стажировка	38Т
39	4	Защита и карантин растений		стажировка	39Т
40	5	Плодоовощеводство		стажировка	40Т
41	6	Почвоведение и агрохимия		стажировка	41Т
42	7	Рыбное хозяйство		стажировка	42Т
43	8	Технология производства и переработки сельскохозяйственной продукции		стажировка	43Т
Социальные науки, экономика и управление					
44	1	Арт-менеджмент. Связи с общественностью		стажировка	44Т
45	2	Бухгалтерский учет и аудит. Финансы. Экономика		стажировка	45Т
46	3	Дефектология		стажировка	46Т
47	4	Деятельность международных финансовых центров		стажировка	47Т
48	5	Информационный менеджмент		стажировка	48Т
49	6	Общественное здравоохранение. Менеджмент здравоохранения		стажировка	49Т
50	7	Педагогика и психология		стажировка	50Т
51	8	Право. Юриспруденция		стажировка	51Т
52	9	Правоохранительная деятельность		стажировка	52Т
53	10	Управление в сфере образования и науки		стажировка	53Т
54	11	Управление проектами. Управление человеческими ресурсами		стажировка	54Т
Технические науки					
55	1	Автоматизация и управление		стажировка	55Т
56	2	Водные ресурсы и водопользование		стажировка	56Т
57	3	Геодезия, картография и землеустройство		стажировка	57Т
58	4	Геология и разведка месторождений полезных ископаемых. Обогащение полезных ископаемых		стажировка	58Т
59	5	Информационные системы и технологии. Вычислительная техника и программное обеспечение. Биоинформатика		стажировка	59Т
60	6	Машиностроение и приборостроение		стажировка	60Т
61	7	Нанотехнологии и наноматериалы		стажировка	61Т
62	8	Нефтегазовое дело		стажировка	62Т

63	9	Организация перевозок, движения и эксплуатация транспорта	стажировка	63Т
